

PCOE Preschool Academy

- We believe childhood is a journey, not a race.
- We provide a climate in which children can mature independently.
- We believe a child grows and develops when they are able to interact with people.
- We believe that children benefit from the variety of teaching styles and skills of our student teachers.

Children learn through investigation, problem solving, play, and focused teacher-directed instruction. They learn by exploring, thinking about, and inquiring about all sorts of phenomena.

**Come Learn With
PCOE Preschool Academy!**

The PCOE Preschool Academy is a unique facility in which children ages 3 to 5 years old can experience a developmentally appropriate, state of the art preschool experience. The preschool lab also provides training to students enrolled in the 49er R.O.P. Child Development and Education course.
